

Be A Global Mission Church

B

What is a Global Mission Church? Why should a congregation participate in the Global Mission Church initiative? A Global Mission Church:

- Grows to meet new challenges and reaches beyond familiar boundaries.
- Celebrates our global community.
- Prays for partners in mission around the world.
- Educates its members about international ministries and global issues.
- Builds relationships with international partners and missionaries.
- Gives time, talent and treasure for international work.
- Receives blessings through new friendships.

Many congregations actively pursue a global mission ministry through education, advocacy and stewardship. For others, the Global Mission Church initiative provides a springboard for trying something new. Wherever your congregation fits, this program can challenge you to stretch toward a new level of interest in, and commitment to, God's world. Challenge yourself to grow as a Global Mission Church. Whether your next step is to find a world map, study globalization or plan a mission exposure trip, "Go global!" as you live out your vision and mission.

The "Be A Global Mission Church" booklet is available which includes steps to take, ideas for action and a mission evaluation tool. This initiative is sponsored by GLOBAL MINISTRIES, www.globalministries.org, A common witness of the Division of Overseas Ministries, Christian Church (Disciples of Christ), P.O.
