## Supporting Women's Ministries in the Church

*I have been forever changed by the unforgettable Women's Action Web f experience, a gift to me by the Women's Endowment Fund, and I am grateful that **now I can see with new eyes.***

Rosy Cunningham,  
Former Women's Staff in Arizona

*Bettie Duhon brought Cuba so close and personal to all of us that it was the talk of the day for the entire Regional Assembly. And before the end of the first day we had two women who expressed intention to participate in Woman-To-Woman Worldwide. Bettie's presence was made possible by a gift from the Women's Endowment Fund.*

Sylvia Van Heyningen,  
Former Women's Staff in Montana

*I am grateful to the Women's Endowment Fund for the grant that made it possible for me to go to Korea for the cultural and historical experience. In order to minister effectively with Korean Christians this is a critical step in my education for which there are no seminary courses.*
