

JUST†WOMEN

EMBRACING LIFE

What's in a Name?

The Disciples Women were preparing to birth our new magazine. The Women's Resource Committee gathered together in February 2008 to name her. We prayed, brainstormed, and listed the characteristics, traits and qualities that we wanted the magazine to embody. For days we pored over possible names that would convey the wisdom, grace, diversity and life that women bring to the world.

**We realized, this was more than a publication,
it was a living creation.**

Our meeting came to a standstill when none of the names we suggested resonated within our hearts and spirits. Suddenly Alicia Rodriguez smiled and exclaimed, "We're *Just Women!*" It simultaneously leaped within all of our spirits. We're *Just Women* who simply embrace life, our relationship with God and others. We're *Just Women* – we're honest, fair and honorable. We wanted the † in Just to be in the shape of a cross and to stand out with a bright color. We are Just† Women who embrace life because we embrace the Bright Light of Christ.

**Words have meaning and names have power
We're Just† Women.**
