

From *New Day* to *Just Women*: the story of Disciples Women's endorsed study material

New Day for Christian Women was the endorsed study material for Christian Women Fellowship groups across the United States and Canada with the studies beginning in study year 2002-2003 through 2008-2009.

January 2009 heralded the release of the new Disciples Women's study resource – *Just Women*. This quarterly published resource was created to offer a wider range of options for the Disciples Women's Ministries groups and other small study groups or for the individual.

From 2009 to 2013, a subscription included a nine-session ecumenical Bible study. Beginning in 2014, the Bible study will be written by Disciples women biblical scholars. This study is titled *Women of the Bible: Seeking Justice*.

The other three issues vary by theme, but include many of the same features in each issue; theme articles inspired by scripture; devotions, meditations, and prayers; stories about Women-to-Women Worldwide; reflections by Disciples women across the breadth of the church; and one article in Spanish in every issue, with other languages being added as we grow. There is a three- or four-session study guide written by a Disciples woman minister for each of these three issues, giving you nine to twelve study sessions plus the sessions in the Bible study for only \$19 per year.

These amazing resources are available by pre-ordering the Bible study issue for yourself or your group or by buying a subscription that includes the Bible study issue. Visit the Online Store at DisciplesWomen.org to subscribe.
