The purpose of Disciples Women is to provide opportunities for spiritual growth, enrichment, education and creative ministries to enable women to develop a sense of personal responsibility for the whole mission of the church of Jesus Christ and to provide a channel through which women in the congregation and the regional Women's Ministries in the United States and Canada may be joined in fellowship and find means for effective participation in the Christian Church (Disciples of Christ).

## From The President.....Marilyn F Williams

### Greetings My Sisters,

It ain't over, it's just beginning! What a wonderful celebration in Houston, Texas. "Just women the Choice to Rejoice" was the theme of our 21<sup>st</sup> biennial session women's luncheon. And rejoice we did. Every table was decorated with an angel rejoicing sitting upon or adorned with Kente cloth, all of which was donated by the host state women. *Thank-you Texas!* And *many thanks* to all the women for the overwhelming out pour of participation to our local service project HAWC. And what can I say about the "Praise with a Purpose" dancers from University Christian Church, you all were outstanding! *Thank-you!*

This year the "Well" also followed through with both the Convocation theme and our Luncheon theme ~ "Rejoice". The space was adorned with two curtained rooms for meditation and privacy, while the gathering space had tables with angels; you guessed it Rejoicing. Not only did the Well invite you to rest, renew, relax, and recreate, but we celebrated women. Yes, a display of pictures of women from all regions, all levels of the church, our founders, our leaders, beginners, our seekers, our liberators, snap shots of women at their retreats and other gatherings. We would like to make this an ongoing celebration, so send us your photos. Share with us. We would like to celebrate you, your group, and your church.

The first meeting of the 2012-2014 officers took place, with 16 (sixteen) other ladies present. We are excited about the road ahead. *Thanks Ladies,* for accepting the call to serve. As we begin to plan

for the next two years, we have initiated a travel expense fund for Officers. More information about the fund will be given in our December Newsletter. A Recommendation concerning this fund has been since to the board and will be voted on at the December Board meeting. Oh, by the way, we received our first donation of \$52 toward our travel fund at the end of our meeting.

We are also in conversation with the Rev. Marilyn S. Fiddmont regarding an endowment fund for National Convocation Disciples Women. It is our hope to unfold this at the 22<sup>nd</sup> Biennial Session in Columbus, Ohio.

As I shared with many of you in Houston, God has chosen our officers for such a time as this. It is my sincere prayer and hope that we not only choose to rejoice in praise, but also in action and deeds.

It is my gift from God to be able to serve you.

*Rejoice in the Lord always and again I say Rejoice!*

*Serving with you,  
Marilyn F. Williams*

## 2014 Quadrennial Assembly Logo Unveiled

The winning design for the QA 2014 logo is here. It was created by Michael A. Dominguez. This is a familiar name for Disciples Women ~ he also created the new Disciples Women's logo that you see today.

There is a lot of thought, research, and planning that goes into the creation of a logo. There is nothing easy about the process. Following is the story of the

symbols and their meeting.

### Symbols in the Logo

- The **inner circle** with its vertical and horizontal lines intersect each other and symbolize the world.
- The **heart shape** that surrounds the world represents the women of the Church. We see ourselves as being committed and in solidarity with all peoples of

the world. The symbol emphasizes the Quadrennial 2014 statements such as: "We see...their despair... their heart... their hope... their value... their humanity..." etc...

- The **shepherd's crook** symbolizes our dedication to caring and nurturing.
- There is a **cross** on the left side of the circle symbolizing our faith.

The overall theme of our event is "I SEE YOU. . .". Our daily themes will be:

- **I see you through eyes of grace**
- **I see you through the voice of compassion**
- **I see you with hands of justice**
- **I see you with a heart of joy**
- **I see you whole**

We will see you in Atlanta at the Marriott Marquis, June 25 to 29, 2014

## Journey to the Congos by Janie Troublefield

Janie Troublefield was part of the 2011 Woman-to-Woman Worldwide delegation to the Republic and Democratic Republic of the Congo. This is the second part of her reflections  
*Kinshasa*

One day I had the opportunity to visit a sewing center in which women are taught the trade of sewing. After they learn to make garments, they are able to either make clothing for their families, or sell clothing to make money to support their families. This sewing program focused on making clothing for women, men, and children.

They also made scarves and pocket-books. I was amazed at the way they went about developing various items to sell in order to be able to support their families. They were very creative and knew how to diversify their products and not depend on just one item in order to make money for their families. Their economic expertise shone through as they demonstrated how they purchased material, sold the finished product for a profit, and then was able to buy more material to continue their work.

*Brazzaville*

Soap making is something I experienced as a little girl growing up in rural eastern North Carolina. My grandmother had learned this trade from her father who also lived in the rural south at the latter part of the 19<sup>th</sup> Century. Therefore, when I heard that soap making would be taking place during my journey in the Congo, I was extremely excited. It was great and awe inspiring to be able to relate to what my Congolese sisters were doing.

When I saw them mixing the soap making ingredients together and heating it in order to make soap, my mind went back to my childhood days of watching my grandmother do the same thing. Again, their economic expertise came alive as they explained to us that they would sell the soap in order to make money to support their families, as well as, buy more ingredients to keep making soap
