

Christian Church (Disciples of Christ)
IN THE UNITED STATES AND CANADA

Why our faith leads us to act on climate

We answer God's call for justice for women and children... and we must provide our families, and our children a safe, healthy planet to thrive on.

We answer God's call for human rights... and we know clean energy will promote equality, healthy communities, and more good paying jobs.

We answer God's call for justice... and we that the burden of pollution and climate change falls unfairly on those of us who cause it less but suffer more.

We answer God's call to care for the earth... and we know that addressing climate change provides clean air and water, and a thriving natural world for all of us.

DOC: Our Faith Provides Leadership	We will build a Climate Literate Clergy	We will Engage All Our Congregations
Make climate a core mission through the expression of worship.	Provide guides and guidance, and incorporate climate in all our gatherings and teachings.	Share our learning and best practices broadly and regularly with our congregations.

Putting Justice Into Action
