

Elder Emeritus Certificate Instructions:

The certificate on the second page of this document can print it out using a color printer (a laser printer would be best).

It is designed to be printed on high-quality blank paper stock (8.5 x 11). The margins of this certificate also allow for use with pre-bordered certificate paper, like you might find at an art supply store or printing business.

Then, congregational leaders can fill in the blanks on the certificate. These include:

- Name of local congregation
- City and State names of community
- First and Last name of person receiving the certificate
- Month, Day, and Year this certificate is awarded
- Signatures of Pastor, Board Chair, and Church Leader (or equivalent)

Arts and Craft supply stores, such as Michaels, or picture framing business, will likely also have a selection of pre-made certificate frames in which you can put the completed certificate before presentation.
